COMPANY PROFILE

SETQUIP

Investment and Trading CC

Building capability. Delivering with integrity.

Construction • Civil Works • Steelworks • Fencing • Roads

2026

A South African contractor built for reliable delivery

Established in 2011, Setquip Investment and Trading CC serves public- and private-sector clients through a practical, multi-disciplinary construction capability.

Our team combines hands-on project experience with a strong commitment to quality, integrity and responsive client service. We aim to grow sustainably while contributing to the communities and industries in which we operate.

Growth

Integrated capability across five core service areas

SETQUIP provides civil engineering, building works and infrastructure services, including fencing and routine road maintenance (grass cutting, road construction and tree felling).

01	**Building construction**	General building, housing, community facilities, renovations and associated services.
02	**Civil works**	Earthworks, stormwater, water and sewer infrastructure, concrete works and maintenance.
03	**Road construction**	Kerbing, paving, road markings, signage and routine road-maintenance services.
04	**Steelworks**	Fabrication and installation support within building and civil projects.
05	**Fencing**	Clear-Vu and general fencing installations for secure project environments.

Capability grows when opportunity is shared

Setquip is committed to creating opportunities for women, young people and previously disadvantaged individuals to gain meaningful work exposure and develop practical skills.

Inclusive opportunity

We support fair access to workplace opportunities for both women and men.

Skills development

We create space for employees to learn from experienced professionals and broaden their capabilities.

Youth pipeline

We are structuring practical-training opportunities for university and college students and entry-level talent.

A clear direction anchored in service and trust

VISION

To be a prominent and trusted role player in the industries we serve.

MISSION

- Place the client at the centre of every engagement.
- Deliver quality services on time and with integrity.
- Use fit-for-purpose materials that provide lasting value.
- Develop young professionals entering the industry.

Five values guide every project relationship

01	**Quality service**	Deliver work that meets the agreed standard.
02	**Equity**	Treat people fairly and create access to opportunity.
03	**Excellence**	Keep improving the way we plan and execute.
04	**Honesty**	Communicate clearly and act transparently.
05	**Integrity**	Do what is right, even when it is difficult.

Registered and positioned for construction delivery
